

Epidemiologic Aspects of Infectious Diseases

Saengsit Kritsadee, ATM.Dr., Ph.D.

Disease surveillance

Surveillance

Alexander D Langmuir

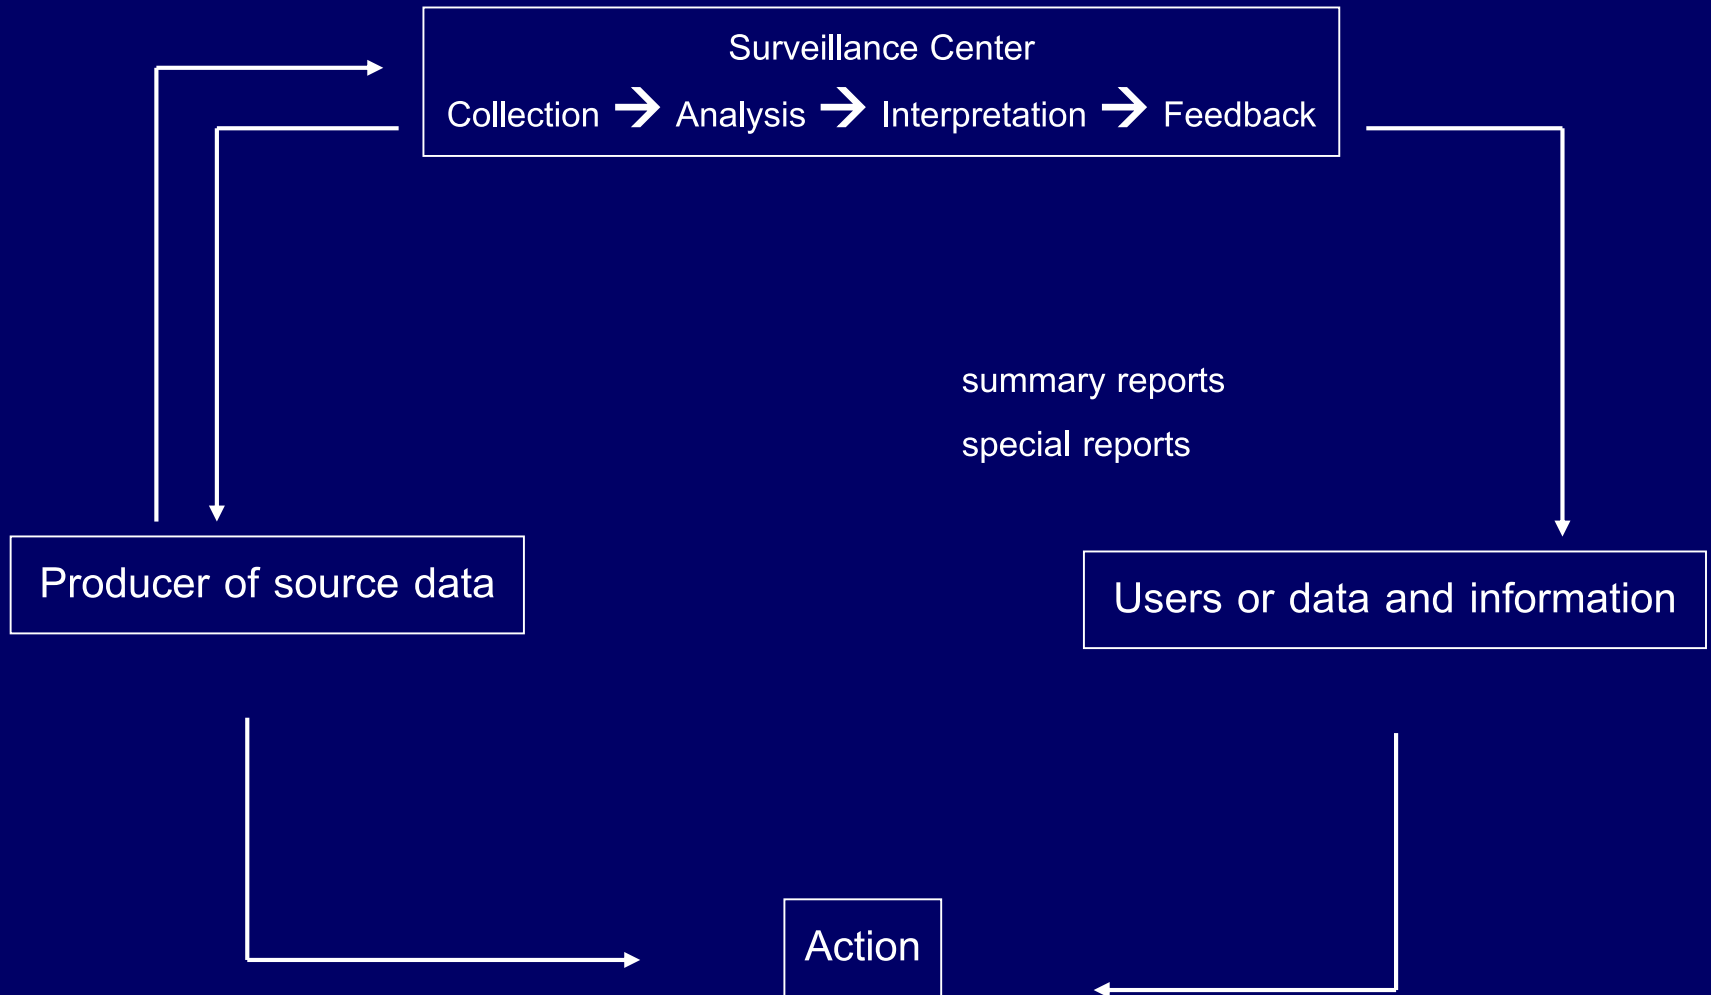

Disease surveillance

Surveillance

Epidemiological surveillance

Personal surveillance

Surveillance System

How to operate surveillance

1. Active Surveillance
2. Passive surveillance

Epidemiological surveillance

1. Morbidity
2. Mortality
3. Outbreaks
4. Vaccine, serum and drug utilization
5. Disease determinants
